

Things are rapidly changing, but as of this second, on March 20th, all residents are well and in good spirits. The Commons closed to all visitors on March 12th, a bit ahead of the official recommendation to do so, and we are now thankful for the wee bit of added protection this may have given our residents & staff. Office staff are working from home. Tory & Watson have taken up residence; Tory will be in the building should a staffer fall ill, and Watson will provide his usual canine support. We have an email address just for our residents, if you have a photo or a message to share with the group: Islandcommonsresidents@gmail.com

Please stay safe, and we hope to see you when it becomes safe to do so!
