Dear Friends and Supporters of the Rec Center,

As the state of Maine begins to reopen and people start to move about we would like to provide some Rec Center program updates. We thank you for your patience as we have waited for the guidelines from the state to emerge. We are planning a gradual re-opening and information will be updated as it develops.

Our outdoor tennis and basketball court is now open for all to enjoy, with physical distancing. We hope to open the fitness center as soon as we are given the go-ahead from the state. There will be guidelines we will need to follow, and we will make sure we communicate those requirements once we are cleared to open. We have been able to assemble some fun programming for June which follows state regulations and can take place outdoors. We plan more programming for July and August and will update you as soon as plans and staffing are finalized.

After careful consideration and review we have sadly decided not to open the pool for the 2020 Summer Season. This was a difficult decision as we know many members and guests look forward to our summer swimming season. This, of course, is not our typical summer. When making this decision several key areas were reviewed: safety, fiscal considerations, utilization, and available staffing. Our assessment led us to the conclusion that we could not support opening the pool. Please feel free to speak with me or any of the board of directors if you have any questions.

The current status of facilities and programming is listed below. Please watch for updates. We look forward to seeing you!
