Safety Measures:

- **Transport of people with COVID 19 symptoms.** If you suspect you have been exposed to Covid-19, CTC has deployed our barge to transport you, in your vehicle, to the mainland so that you can visit your health care provider. For more information, visit our website, <http://www.chebeaguetrans.com/About-Us.html>. For other transportation options, contact the Town website or office.
- **Rescue calls:** At this time, CTC will not transport emergency rescue patients identified by EMS as potential Covid-19. CTC will continue to provide rescue service for all other emergencies. We are actively working with the Town and the State to be able to implement a 911 Covid-19 Rescue Transport Procedure as quickly as possible.
- All emergency medical needs continue to be handled by the Town through the 911 system.
- **Freight:** Deckhands will not handle freight at Cousins. Carts will continue to be available and may be left on the float or brought from the wharf at the time of boarding.
- **Restricted access on the Independence:** Access to the wheelhouse and deckhand work station area is restricted to our crew.
- **Boarding times:** To give our crew ample opportunity to clean the boat between trips, passengers may not board earlier than 15 minutes before departure from Chebeague.
