

**Chebeague & Cumberland Land Trust welcomes Puffin Expert,
Dr. Steve Kress, to Chebeague Island**

WEDNESDAY, JULY 20th • 7:00PM • CHEBEAGUE ISLAND HALL

Steve Kress, world-renowned expert on Atlantic puffins and seabird restoration, will present a program on Chebeague Island, Wednesday, July 20th at 7:00pm at the Chebeague Island Hall. Dr. Kress' inspiration and tenacity led the successful effort to restore Atlantic puffins to Eastern Egg Rock in Muscongus Bay. He is co-author of the book, Project Puffin, which describes his years-long campaign off the Maine coast and his attempts to replicate his success with puffins for other rare and endangered seabirds.

In addition, Chebeague Island School students will present their own film, The Puffin Movie, and share their enthusiasm for birds with Dr. Kress and the audience.

FREE EVENT • EVERYONE IS WELCOME

RSVP to Penny Asherman at: asherman.penny@gmail.com

if you will be arriving on the 6:30pm ferry and
need transportation to the Chebeague Island Hall
