

Red House - 53 John Small Rd Chebeague Island Maine

Beautifully up-kept and modernized classic cottage built circa 1897.

Fantastic views, central location near boatyard, and great proximity to many island activities.

This three bedroom summer house has a full bathroom downstairs with antique tub, and half-bath upstairs, and an excellent outdoor shower. The living room/music room sounds great with antique Steinway piano and small drum-set.

Generous (& partially screened) porch has wonderful views of the water, moored boats, and Crow Island.
